Omnivoltaic ovBeacon MB2-090

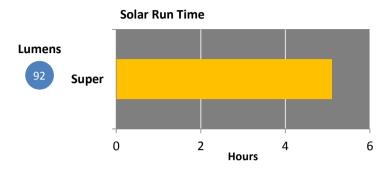

Omnivoltaic Power Co., Ltd.

Verify Online: www.lightingglobal.org/products/mar-

mb2090

Results based on test procedures detailed in IEC 62257-9-5. ed. 2.0

Valid Until: September 2014

Meets Lighting Global Minimum Quality Standards

1 Light Point

Warranty Information

A 2-year warranty against material or manufacturing defects.

Performance Details		
	Brightness Setting***	
Performance Measure	Super	
Full battery run time* (hours)	5.7	
Run time per day of solar charging* (hours)	5.1	
Total light output (lumens)	92	
Total area with illumination > 25 lux** (m ²)	0.6	
Total lighting service (lumen-hours / solar-day)	470	

^{*} Run time estimates do not account for mobile phone charging or other auxiliary loads; the run time is defined as the time until the output is 70% of the initial, stabilized output.

^{***} Additional brightness settings (not tested): Normal, Bed Light

Lighting Details	
Lamp type	LED
Description of light points	5 LEDs
Colour characteristics	CRI 72
	CCT "Near Daylight" (3000-5000 K)
Distribution type	Wide
Lumen maintenance	93% of the original output remains after 2,000
	hours run time

^{**} Total area with illumination > 25 lux is determined by the maximum area with adequate illumination at a 0.75 m distance and at the distance from which the product would normally provide task lighting service.

Product box Box acts as a stand to use ovBeacon as desk light LEDs Battery Charge indicator Durability Overall durability and workmanship Pass Box acts as a stand to use ovBeacon as desk light UV-free LEDs High-temperature battery Four LED indicators display battery state of charge		
LEDs Battery Charge indicator UV-free LEDs High-temperature battery Four LED indicators display battery state of charge	Special Features	
Battery Charge indicator High-temperature battery Four LED indicators display battery state of charge Durability	Product box	Box acts as a stand to use ovBeacon as desk light
